Harry Potter Trivia

- ◆ When trying to sell the first book, Rowling was so poor she had to type two copies of the manuscript because she couldn't afford to photocopy the original.
- ◆ As a kid, Rowling told her first stories to her younger sister, Di. One of her earliest stories featured Di falling down a rabbit hole and getting fed strawberries by rabbits!
- ◆ Not so good at math? Don't worry- J.K. Rowling wasn't either. On her first math test at a new school, she scored a zero!
- ◆ Rowling and her British publisher buried a time capsule containing children's predictions for the last book under King's Cross Station in London.
- ◆ Guess who Rowling's favorite Harry Potter characters are! Hagrid and Professor Lupin! But, she confesses, "Even the horrible ones are really fun to write about!"
- ◆ The Hogwarts official motto is *Draco Dormiens Nunquam Titillandus*. It means, 'Never tickle a sleeping dragon'!
- ◆ Hermione is based on the author herself. "I think I was really annoying when I was 11," Rowling says. "I loosened up though, as I got older - a lot."
