Material Transformations by Mindy Seidlin

August 3 - 29

Reception: August 5, 6:30 - 8:30 PM

Mindy Seidlin's work, in collage and mixed media, transforms paper and everyday objects and imbues them with textures and new levels of meaning. The artistic process of finding novel uses and significance in materials that surround us parallels her experiences as a scientist and physician, as well as a woman and mother with a strong Jewish sensibility, and incorporates these disparate elements into a coherent artistic vision.
