

## SUMMER READING 2015

### *Every Hero Has a Story*

This year's Adult Summer Reading theme is *Every Hero Has a Story!* The program once again coincides with the long-running children's and teen summer reading programs that begin on June 19 and run through August 9.

During this period, just read a book or listen to an audiobook and submit an entry to be included in drawings for themed prizes. Participants are encouraged to do their entries online (see the Summer Reading link at [ridgefieldlibrary.org](http://ridgefieldlibrary.org).) Forms can also be dropped off at the Adult Services Desk.

In addition, the Library will also host a series of programs and events for adults over the summer. The Library will be a meet-up location for a five-week MOOC (Massive Open Online Course) called *The Rise of Superheroes and Their Impact on Popular Culture*. This will run on consecutive Thursday evenings at 7 PM starting on June 25. Other programs include author talks, an art journaling workshop, concerts, performances and more. The Library's many book groups (except the Poetry Discussion Group) also continue to meet over the summer.

And, be sure not to miss the first ever Ridgefield Library **Comic Con** to take place on Saturday, July 25.

*Every Hero Has a Story* Summer Reading Program is made possible thanks to the Friends of the Library.

### ***MOOC: The Rise of Superheroes and Their Impact on Pop Culture***

Join us at the Library as we take part in a 5-session Massive Online Open Course (MOOC) presented by the Smithsonian and edX. Participants will watch this online course together on our big screen over a 5-week period and then have a discussion after each lecture led by Teen Services Librarian Geri Diorio. This program is suitable for teens and adults.

**edX Course description:** "Join the Smithsonian, and comic book industry legend Stan Lee, to explore the history of the comic book and the rise of superheroes. The ancient gods of Egyptian, Greek and Roman myths still exist, but today, they have superpowers, human foibles and secret identities. They come from comic books and graphic novels, and have taken over pop culture on the stage, screen, video games, and animation. From *Superman*® and *Spider-Man*®, to *The Avengers*® and *The Hulk*® and beyond, who are these heroes? And, how have they evolved from folklore and myth, across all cultures and religions?"

**Thursday, June 25, July 2, 9, 16 and 23, 7 PM**

A great deal of Irish writing deals with the land, the past, the church, and the changing political landscape.
