What measures is the Library taking to keep patrons safe?

The Library is taking numerous precautions to protect the health and safety of staff and patrons:

- Limiting the number of patrons in the Library at any given time.
- Requiring all patrons to wear masks that cover nose and mouth at all times while in the Library.
- Entry and exit are from the Main Level Glass Sliding Doors only. Staff are monitoring the number of people entering and leaving the building.
- Implementing 6 feet social distancing protocols.
- Reducing Library hours to ensure sufficient time for enhanced cleaning.
- Removing seating and asking patrons not to congregate.
- Applying one-way routes through the building and adding traffic markers.
- Requiring staff to wear masks that cover nose and mouth at all times while in the Library.

- Increasing frequency of cleaning of the building and service points by custodial and library staff.
- Providing hand-sanitizing stations throughout the building.
- Per CT state guidelines, water fountains are not available.
- The Ridgefield Library has a heating and cooling system that utilize direct outside air exchange. We have consulted with our HVAC contractors to ensure proper operation and safety of our building's air quality.

What you can do to help us keep our staff and the community safe:

- Understand that you are required to wear a mask that covers your nose and mouth at all times.
- Stay home if you are experiencing symptoms of any illness.

- You may be asked to wait in line until we have space for additional patrons. While in line, please wear your mask, follow social distancing guidelines and keep six feet between you and other patrons. A staff member will let you know when you may enter the Library.
